
This mouse strain (including any and all progeny, "MICE") is distributed by The Jackson Laboratory with the following terms and conditions.

LIMITED USE LABEL LICENSE: RESEARCH USE ONLY

This purchase of this Genetically Modified Mouse Model ("Model") is subject to the following terms and conditions. The Model is sold subject to a license agreement for CRISPR-Cas9 technology by and between The Jackson Laboratory and Caribou Biosciences, Inc.

The purchase of the Model conveys to the buyer a limited, non-transferable right to use (i) the Model, (ii) progeny or derivatives of the Model generated by the buyer, and (iii) cells, tissue, and other biological material extracted or derived from the Model or its corresponding progeny or derivatives (collectively, (i), (ii) and (iii) are referred to as "Material") only to perform internal research for the sole benefit of the buyer.

The buyer cannot sell or otherwise transfer Material to a third party, other than a third party under a contractual obligation to perform research for the sole benefit of the buyer or a third party that is a nonprofit performing collaborative research with the buyer, or otherwise use Material for any Excluded Use. "Excluded Use" means: (a) any commercial activity, including but not limited to any use in manufacturing, product or quality control; (b) any use to provide a service, information, or data; (c) any use for therapeutic, diagnostic, or prophylactic purposes; (d) any sale, resale, leasing, or licensing, whether or not for research purposes; (e) any activity in an agricultural field trial or any activity directed toward the submission of data to the U.S. Department of Agriculture or any other agriculture regulatory agency; (f) high throughput screening drug discovery purposes (i.e., the screening of more than 10,000 experiments per day) as well as scale-up production activities for commercialization; and/or (g) cell line development for purposes of bioproduction of recombinant protein.
